PRELIMINARY TALK

“Amphibian Veterinary Medicine in the Field,” by Dr. Brad Wilson, discussing his experiences in amphibian medicine and the travel opportunities it brings

KEYNOTE LECTURE:

“Discovering the Poison Frogs of Colombia: Pictures from the Field”
Our keynote presentation will be given by Andreas Zarling, whose research focuses on the poison frogs of Colombia.

Tickets are \$35 and include a cash bar, preliminary talk, buffet style dinner, keynote address, coffee and dessert, and a signed print of a Colombian dendrobatid. It also includes an opportunity to bid on amphibian art from Colombia, Costa Rica and other places around the world (proceeds to benefit conservation). \$10 of each ticket goes directly to support conservation at Amphibian Ark and Tree Walkers International.
